

G5 (5%) GLYCOLIC PEEL SOLUTION

Resurface & Refine

Sound bite: "Multi-tasking micro-peel."

What is it?

Polymerized micro-peel lightly exfoliates the skin with **glycolic and lactic acids** to refine uneven texture, clear and tighten pores, and minimize the appearance of fine lines. Features a **marine enzyme** known to preserve the skin's collagen network, plus soothing **botanical extracts** to promote a smooth, healthy complexion with fewer breakouts.

What does it do?

- Refines uneven texture
- Clears & tightens pores
- Glycolic acid minimizes the appearance of fine lines
- Lactic acid improves tone & radiance
- Promotes elasticity & collagen synthesis
- Helps prevent future breakouts

How do I use it?

After cleansing, saturate a cotton pad with 3-4 drops and smooth over onto face as needed, avoiding contact with eyes. Slight tingling may occur. Do not rinse. Sun protection is recommended when using this product.

What skin types and conditions does it benefit?

Skin types: Dry, normal, combination, oily

Skin conditions: Blemishes, dullness, lines, hyperpigmentation, congested & enlarged pores

KEY INGREDIENTS

Lactic Acid: Exfoliates, improves tone, smooths wrinkles & reduces the appearance of dark spots

Gluconolactone: Plumps, firms & minimizes the appearance of pores & sun damage

Glycolic Acid: Exfoliates, smooths wrinkles & reduces the appearance of dark spots

Witch Hazel Extract: Calms skin & promotes healing while providing antioxidant benefits

Cucumber Extract: Helps skin retain moisture while cooling & soothing skin irritation

RETAIL SIZE: 0.5 oz / PROFESSIONAL: 2 oz // pH range: 2.7 - 3.5
