

GSA25 (25%) GLYCOLIC + SALICYLIC + AZELAIC PEEL SOLUTION

Resurface & Degrease

Sound bite: "The no-fear, blemish-busting peel."

What is it?

Triple-acid 25% solution targets congested pores and excess oil production while treating acne conditions. Features **alpha and beta hydroxy acids**, soothing **botanical extracts**, and non-irritating form of **vitamin B** to treat and prevent clogged pores, stimulate cellular turnover, and improve tone and texture for a healthy, youthful complexion. *Note: Clients with a history of herpes should inform their physician before scheduling a peel procedure.*

What does it do?

- Clarifies & relieves congested, irritated pores
- Regulates excess oil production
- Helps reduce inflammation & redness
- Targets blemish-prone skin to help minimize breakouts

How do I use it?

Apply after cleansing. Soak a gauze pad with solution and gently apply 2 to 3 layers onto facial area. *Do not use steam before or after peel treatments. Do not allow product to get into eyes. Apply sun protection when using this product.*

What skin types and conditions does it benefit?

Skin types: Normal, combination, oily

Skin conditions: Acne, congested & enlarged pores

KEY INGREDIENTS

Glycolic Acid: Exfoliates, smooths wrinkles & reduces the appearance of dark spots

Salicylic Acid: Refines texture, clears congested pores & helps control oil production

Azelaic Acid: Reduces inflammation & clarifies enlarged, clogged pores

Allantoin: Calms mild inflammation & irritation while moisturizing & promoting cell renewal

Vitamin B3 (Niacinamide): Soothes, brightens, reduces appearance of redness & hyperpigmentation

Ingredients: Pyrus Malus (Apple) Fruit Water, Hyaluronic Acid, Glycolic Acid, Salicylic Acid, Azelaic Acid, Glycyrrhiza Glabra (Licorice) Root Extract, Methyl Gluceth-20, Hydrolyzed Oats, Allantoin, Alpha-Arbutin, Xanthan Gum, SD 40 Alcohol, Sodium Lactate, Sodium PCA, Glycine, Fructose, Niacinamide (Vitamin B3), Zemea Propanediol, Glucose, Glucose Oxidase, Lactoperoxidase.

PROFESSIONAL SIZE: 2 oz // pH range: 3.0 - 3.5

CAUTION: For external use only. If irritation occurs, discontinue use and rinse thoroughly with water. Store in a cool, dry place, away from direct sunlight. Keep out of reach of children.
