

# MOISTURE RESCUE Peel-Off Mask

## *Plump & Pacify*

**Sound bite:** "Breathe new life into skin with this oxygenating blanket of moisture."

### **What is it?**

Oxygenating marine botanical complex with skin-loving ANK (Ascophyllum Nodosum Kelp), red algae, and blue-green algae extracts from the pristine waters of the Brittany Coast of France immerses skin in revitalizing, plumping hydration.

The synergy of powder + gel morphs into a skin-perfecting mask to instantly relieve irritation, burning, stinging, and redness, while reducing signs of premature aging... culminating in a radiant, rosy glow.

### **What does it do?**

- Waves of moisture plump dry, dehydrated skin
- Instant relief for skin irritation, burning, stinging & redness
- Defends against dryness & environmental damage
- Rescues stressed, post-procedure skin

### **How do I use it?**

Pour powder packet (1) into bowl. Add gel packet (2) and use spatula to blend into paste. Apply onto facial area. (Note: Gel-type masks take longer to harden than most molding masks.) Remove after 15-20 minutes. *Do not discard directly into sink in order to avoid clogging drain.* Wipe off excess with moistened sponge or towel. **Tip:** Refrigerate gel packet to create a cooling sensation for irritated skin.

### **What skin types and conditions does it benefit?**

Skin types: Dry, normal, combo

Skin conditions: Stressed skin, lines & wrinkles, sun damage, post-procedure

### **KEY INGREDIENTS**

**ANK:** Rich in 7 vitamins, 7 sea water minerals & 18 amino acids to boost circulation & promote cell renewal

**Alginate:** Defends against dryness & improves elasticity

**Spirulina:** Neutralizes free radicals & wards off toxins that trigger premature signs of aging

**Red Algae:** Mineral, vitamin & protein-rich extract helps maintain skin health by protecting from UV rays

POWDER: 0.88 oz | GEL: 3.38 oz // pH 6.0 - 6.5

**Powder Ingredients:** Alginate, Pearl Powder, Rice Powder, Spirulina, Neem Leaf Powder, Ceramide I, Ceramide III, Ocimum Basilicum (Basil) Extract, Saccharomyces Lysate Extract.
