

O² CALMING GEL

SPECIAL
TREATMENT

Hydrate & Soothe

RETAIL 6 oz
PRO 32 oz

SOUND BITE: "The key to calm, cool, hydrated skin."

Soothing gel contains **hyaluronic acid** and botanical extracts that include **goldenseal, green tea, and aloe** to relieve skin irritation, burning, stinging, and redness, leaving skin calm and moisturized. Antioxidant-enriched moisture complex intensely hydrates while softening skin. Excellent ultrasound gel, aftershave gel, and post-extraction treatment for soothing skin.

WHAT DOES IT DO?

- Hydrates & calms skin irritation, burning, stinging & redness
- Moisturizes & plumps dehydrated skin
- Excellent aftershave gel & post-extraction treatment
- Ideal for use with ultrasonic machines

DIRECTIONS

Apply onto cleansed skin as needed.
Do not rinse.

SKIN TYPES

all skin types

CONDITIONS

Blemishes, skin irritation, post-extraction, dryness, rosacea, sun damage

KEY INGREDIENTS

Hyaluronic Acid	Attracts & retains moisture to plump & improve skin barrier function
Green Tea	Antioxidant properties soothe & protect against environmental damage
Allantoin	Calms mild inflammation while moisturizing & promoting cell renewal
Goldenseal	Anti-bacterial & anti-inflammatory properties soothe skin irritation
Argan	Rich in fatty acids & vitamins to moisturize, nourish & renew
Red Algae	Soothes, moisturizes & softens due to high levels of minerals, proteins & vitamins

pH RANGE 5.6 - 6.6
