

Strengthening Conditioner

fortify from within

Dealing with hair that's thin, weak, or prone to breakage?

Strength changes everything. This fortifying, smoothing conditioner is formulated with anti-thinning BioGro Peptide and deeply moisturizing mongongo oil to hydrate strands, improve resilience, and enhance the look of thickness and fullness.

Red ginseng extract and copper tripeptide-1 help energize the scalp and support healthier-looking hair density, while natural botanical oils restore softness, smooth frizz, and protect moisture, leaving hair looking stronger, smoother, and fuller.

best for

people with thinning hair and breakage

hydrating and conditioning dry, fragile, or stressed strands

hair lacking thickness and fullness

directions

After shampooing with Kizo Lab Strengthening Shampoo and rinsing thoroughly, massage a generous amount of Kizo Lab Conditioner into wet hair. Rinse well.

key ingredients

oligopeptide-224	helps minimize visible hair thinning and supports the look of fuller-looking hair
mongongo oil	helps lock in moisture, smooth frizz, and protect against environmental stressors
red ginseng extract	improves microcirculation, nourishes follicles, and encourages hair density
abyssinian oil	restores suppleness, softness + radiance while protecting moisture balance
