PEEL

AML20 (20%) Azelaic + Mandelic + Lactic Peel Solution

Resurface & Brighten

sound bite: *"The no-fear brightening peel."*

Triple acid 20% Azelaic + Mandelic + Lactic Peel Solution resurfaces, brightens, and targets dark spots and hyperpigmentation.

Azelaic, mandelic, and lactic acids and niacinamide work with brightening botanicals to improve skin tone, texture, and radiance. Note: Clients with a history of herpes should inform their physician before scheduling a peel procedure.

what does it do?

Targets dark spots & hyperpigmentation
Helps reduce redness & inflammation
Clarifies clogged, enlarged pores
Evens skin tone & smooths texture

directions

Review Peel Solutions Guide prior to applying peels. Contraindications include but are not limited to impaired barrier function, recent professional or medical treatments, and prescription or over-the-counter retinoids.

key ingredients

Azelaic Acid (1%)	Brightens, reduces inflammation & clarifies pores
Mandelic Acid (16%)*	Brightens, targets blemishes, suppresses hyperpigmentation & enhances cell turnover
Lactic Acid (3%)	Improves skin tone, smooths texture & visibly reduces dark spots
Alpha-Arbutin	Helps fade discoloration & even out skin tone
