PEEL

G5 (5%) Glycolic Peel Solution

Resurface & Refine

sound bite: *"Meet the multi-tasking micropeel."*

Polymerized micro-peel lightly exfoliates the skin by using glycolic acid to refine uneven texture, tighten pores, and minimize the look of fine lines.

Green tea and cucumber extracts help calm skin and provide antioxidant benefits to promote a smoother complexion with fewer breakouts.

what does it do?

Refines uneven texture & tightens pores
Glycolic acid minimizes the look of fine lines
Helps discourage future breakouts
Botanical extracts help calm skin & provide antioxidant benefits

directions

Review Peel Solutions Guide prior to applying peels. Contraindications include but are not limited to impaired barrier function, recent professional or medical treatments, and prescription or over-the-counter retinoids.
