PROCEDURE

1	Cleanse	3-5 min	Gently massage a small amount of Peptide Foam Cleanser onto face. Rinse thoroughly with warm water. Pat dry.
2	Exfoliate I	1-2 min	 <p>Carefully pat or spray face with Iso-Cell Recovery Solution in preparation for exfoliation. With the tip of the spatula angled down, glide the Facial Scrubber from base of the face upward 3-4 times. Keep skin moist with Iso-Cell Recovery Solution.</p>
3	Exfoliate II	5-10 min	Gently pat or spray Iso-Cell Recovery Solution onto face to soothe skin irritation. PROTECT THE EYE AREAS with moistened cotton pads. Prepare Hungarian Enzyme Mask . Apply the paste onto face. Steam face for 5-10 minutes. Remove the mask with a moistened sponge or warm towel.
4	Exfoliate III	1-2 min	PROTECT THE EYE AREAS with moistened cotton pads. Use 1-2 Vita-C Clear Skin Pads and gently perform 2-3 passes on the face. Do not rinse.
5	Exfoliate IV	1-2 min	Saturate a cotton pad with 2-3 drops of G5 (5%) Glycolic Peel Solution or M15 (15%) Mandelic + Arbutin Peel Solution . Apply over face and neck. Do not rinse after application.

6	Extract	3-5 min	 <p>A diagram showing a spatula with a long handle and a flat, angled tip. The tip is shown at a 45-degree angle to a horizontal line. The text '45 degree angle' is written below the tip.</p>	Glide the Facial Scrubber across the facial area with the tip of the spatula angled down. Next, glide the Facial Scrubber from the base of the face upward 3-4 times until both sides of the face are complete. Always keep skin moistened with Iso-Cell Recovery Solution during extraction.
7	Tone	1 min		Mist Essence Toner 2-3 times directly onto the palm of your hand and pat onto client's face.
8	Serum / Oxygen Machine	5-8 min		Place 1-2 drops of Bio Complex Serum or Essence Toner into the Oxygen Machine's Air Brush Applicator. Choose one of the following serums: TGF-β Booster for anti-aging, Vita-C Serum for brightening and skin tone, or Rx Complex Serum for deep lines and wrinkles. Add 1-2 drops of your chosen serum into the Oxygen Machine's Air Brush Applicator. Apply the serums to the face using the Air Brush Applicator.
9	Mask	15-20 min	 <p>A diagram showing a spatula with a long handle and a flat, angled tip. The tip is shown at a 30-degree angle to a horizontal line. The text '30 degree angle' is written below the tip.</p>	Apply serum-infused Bio Cell+ Mask . Apply the middle freeze-dried collagen layer and discard the 2 outer protective layers (paper-like layer and protective gauze layer). Spread mask evenly onto client's face. Glide Facial Scrubber with spatula flat against the skin over Bio Cell+ Mask . Remove mask after 15-20 minutes. Do not rinse.
10	Eye and Lip Treatment	1 min		Gently pat Eye Wrinkle Corrector around the eyes in circular motions. Apply Eye and Lip Cream onto the lip area to plump the lips. For clients with deeper lines, apply Eye and Lip Cream over Eye Wrinkle Corrector and around the eyes.
11	Hydrate	1 min		Massage Bio Cell Rejuvenating Cream over face and neck.
12	Sun Care	1 min		Complete procedure with Vita-C Skin Protective Crème .
