## Soothing & Regenerating POST Micro-Needling PRODUCTS

### 1. Iso-Cell Recovery Solution

Unique recovery solution with **8 beneficial minerals and 8 synergistic amino acids** instantly soothes and nourishes stressed skin. Enhances moisture retention, keeping skin calm and hydrated throughout the day.

### 2. StemCell EGF

Super potent serum features age-reversing peptides, stem cells, and powerful growth factors to encourage the regeneration of new surface cells for radiant, younger-looking skin. Features groundbreaking follicular transdermal technology.

### 3. Marine Collagen Peptide Serum

Potent blend of **3 skin-contouring peptides, hyaluronic acid, nourishing ceramides, antioxidant vitamins, and algae extract** improves the appearance of sagging facial contours and helps restore resiliency. Hydrates and moisturizes, leaving skin smooth, supple, and healthy-looking.

### 4. Moisture Infusion Mask

Serum-infused mask soothes and hydrates dry, sensitive, and stressed skin. Features **3 anti-aging peptides, a stable form of vitamin C (MAP), 8 botanical extracts, and marine collagen** to promote collagen synthesis. Ideal after peel, IPL, or microdermabrasion procedures.

### 5. Vita-C Skin Protective Crème

Lightweight cream provides environmental protection for normal or dry skin that needs an extra boost of intense hydration. Features **kukui nut oil and jojoba oil** to help keep skin hydrated, and **Vitamin C (MAP)** to brighten skin tone.
