- Cleanse** Cleanse skin with **Exfoliating Cleansing Gel**. Rinse thoroughly and pat dry.
- Exfoliate** Soak a gauze pad with **S2** and gently apply. Do not allow product to get into eyes. Allow to dry completely, using a handheld fan if necessary. Do not rinse. Apply 1 layer of **G5** over **S2** and dry with fan. Rinse skin thoroughly with cool water.
- Extract** Perform extractions using **Iso-Cell Recovery Solution** and **Skin Perfecter**. When completed, wipe skin with **Iso-Cell Recovery Solution** and a clean cotton pad.
- Mask** Blend **Icy Revitalizing Mask** with 6 drops of **A&E Corrector**, and then apply. Allow to dry for 7-10 minutes. Remove with cool water.
- Moisturize** Blend **O<sup>2</sup> Calming Gel** and **Hyaluronic Serum**. Apply to face and neck. **Do not massage.**
- Environmental Defense** Spritz skin with **Skin Protective Emulsion**.
