### PROCEDURE

1	Cleanse	2-4 min	Cleanse face with 1/2 pump <b>Exfoliating Cleansing Gel</b> . Remove with warm towel or moistened sponge. Pat dry.
2	Tone	2-3 min	Mist <b>Iso-Cell Recovery Solution</b> 3-4 times onto cotton pad and gently perform 2-3 passes on entire face to remove all traces of oil.
3	Exfoliate I	2-3 min	PROTECT EYE AREAS with moistened cotton pads. Use 1-2 <b>Skin Clarifying Pads</b> and gently perform 2-3 passes on face. Do not rinse. Wait until product is absorbed before continuing to next step.
4	Micro-derm-abrasion	20-25 min	Perform microdermabrasion treatment based on machine manual. After finishing, gently press warm towel on face to wipe off remaining dead skin cells, then mist <b>Iso-Cell Recovery Solution</b> 2-3 times onto client's face. Wait until product is absorbed.
5	Tone	1 min	Mist <b>Essence Toner</b> 2-3 times into your palm and pat onto client's face.
6	Serum	1-2 min	Gently apply 3-4 drops of <b>TGF-β Booster</b> onto face and massage into skin.
7	Mask	15-20 min	Remove protective paper from <b>Moisture Infusion Mask</b> or <b>Bio Cell+ Mask</b> . Apply serum-saturated mask evenly onto face. Remove after 15-20 minutes. Do not rinse.
8	Hydrate	1 min	Apply 1 tsp <b>Bio Cell Rejuvenating Cream</b> or 3-4 pumps <b>Collagen Peptide Serum</b> .
9	Eye Care	1 min	Gently pat <b>Eye Wrinkle Corrector</b> around eyes.
