A hand is shown holding a stack of several coins. The hand is positioned on the left side of the frame, with the fingers gripping the top of the stack. The coins are stacked vertically and are slightly out of focus, appearing as a blurred stack of metallic discs. The background is a solid, vibrant pink color. The word "PEELS" is written in large, white, bold, sans-serif capital letters across the center of the image, partially overlapping the hand and the coins.

PEELS

- **GSA 25**(25%) Glycolic + Salicylic + Azelaic Peel Solution
- **AML 20**(20%) Azelaic + Mandelic + Lactic Peel Solution
- **M 30**(30%) Mandelic + Arbutin Peel Solution
- **M 15** (15%) Mandelic + Arbutin Peel Solution

Le Mieux's Key Acids

Alpha Hydroxy Acids (AHAs)

Glycolic - derived from Sugar Cane
Mandelic-derived from Bitter Almonds
Lactic-derived from Milk

Beta Hydroxy Acids (BHAs)

Salicylic-derived from the bark of the Willow Tree

Functional Active Acids

Azelaic-Nonanoic Acid
Alpha-Arbutin-Glycoside derived from Bearberry Leaves

M15 & M30

- **Mandelic Acid:** AHA, Enhances cellular turnover, improves melasma, hyperpigmentation
- **Alpha Arbutin:** Brightens, alternative to hydroquinone

Appropriate for:

Skin type:

Dry, Mature,
Normal,
Combination.
Acne

Condition:

Dullness, Uneven
skin tone, Sun damage,
Fine lines & wrinkles
Rosacea Skin (M15%)

GSA25

- **Glycolic:** AHA, Exfoliates & stimulates elastin/collagen
- **Salicylic:** BHA, Targets congested pores & inflammation, controls oil production
- **Azelaic Acid:** Active acid, reduces inflammation, & clarifies pores

Appropriate for:

Skin type:

Oily, Acne,

Normal,

Combination

Condition:

Congested pores, Oily skin, Treats acne

conditions

AML20

- **Azelaic Acid:** Mild acid reduces inflammation, clarifies pores
- **Mandelic Acid:** AHA-targets hyperpigmentation. Safe to use for darker pigmented skin types
- **Lactic Acid:** Gentle exfoliant

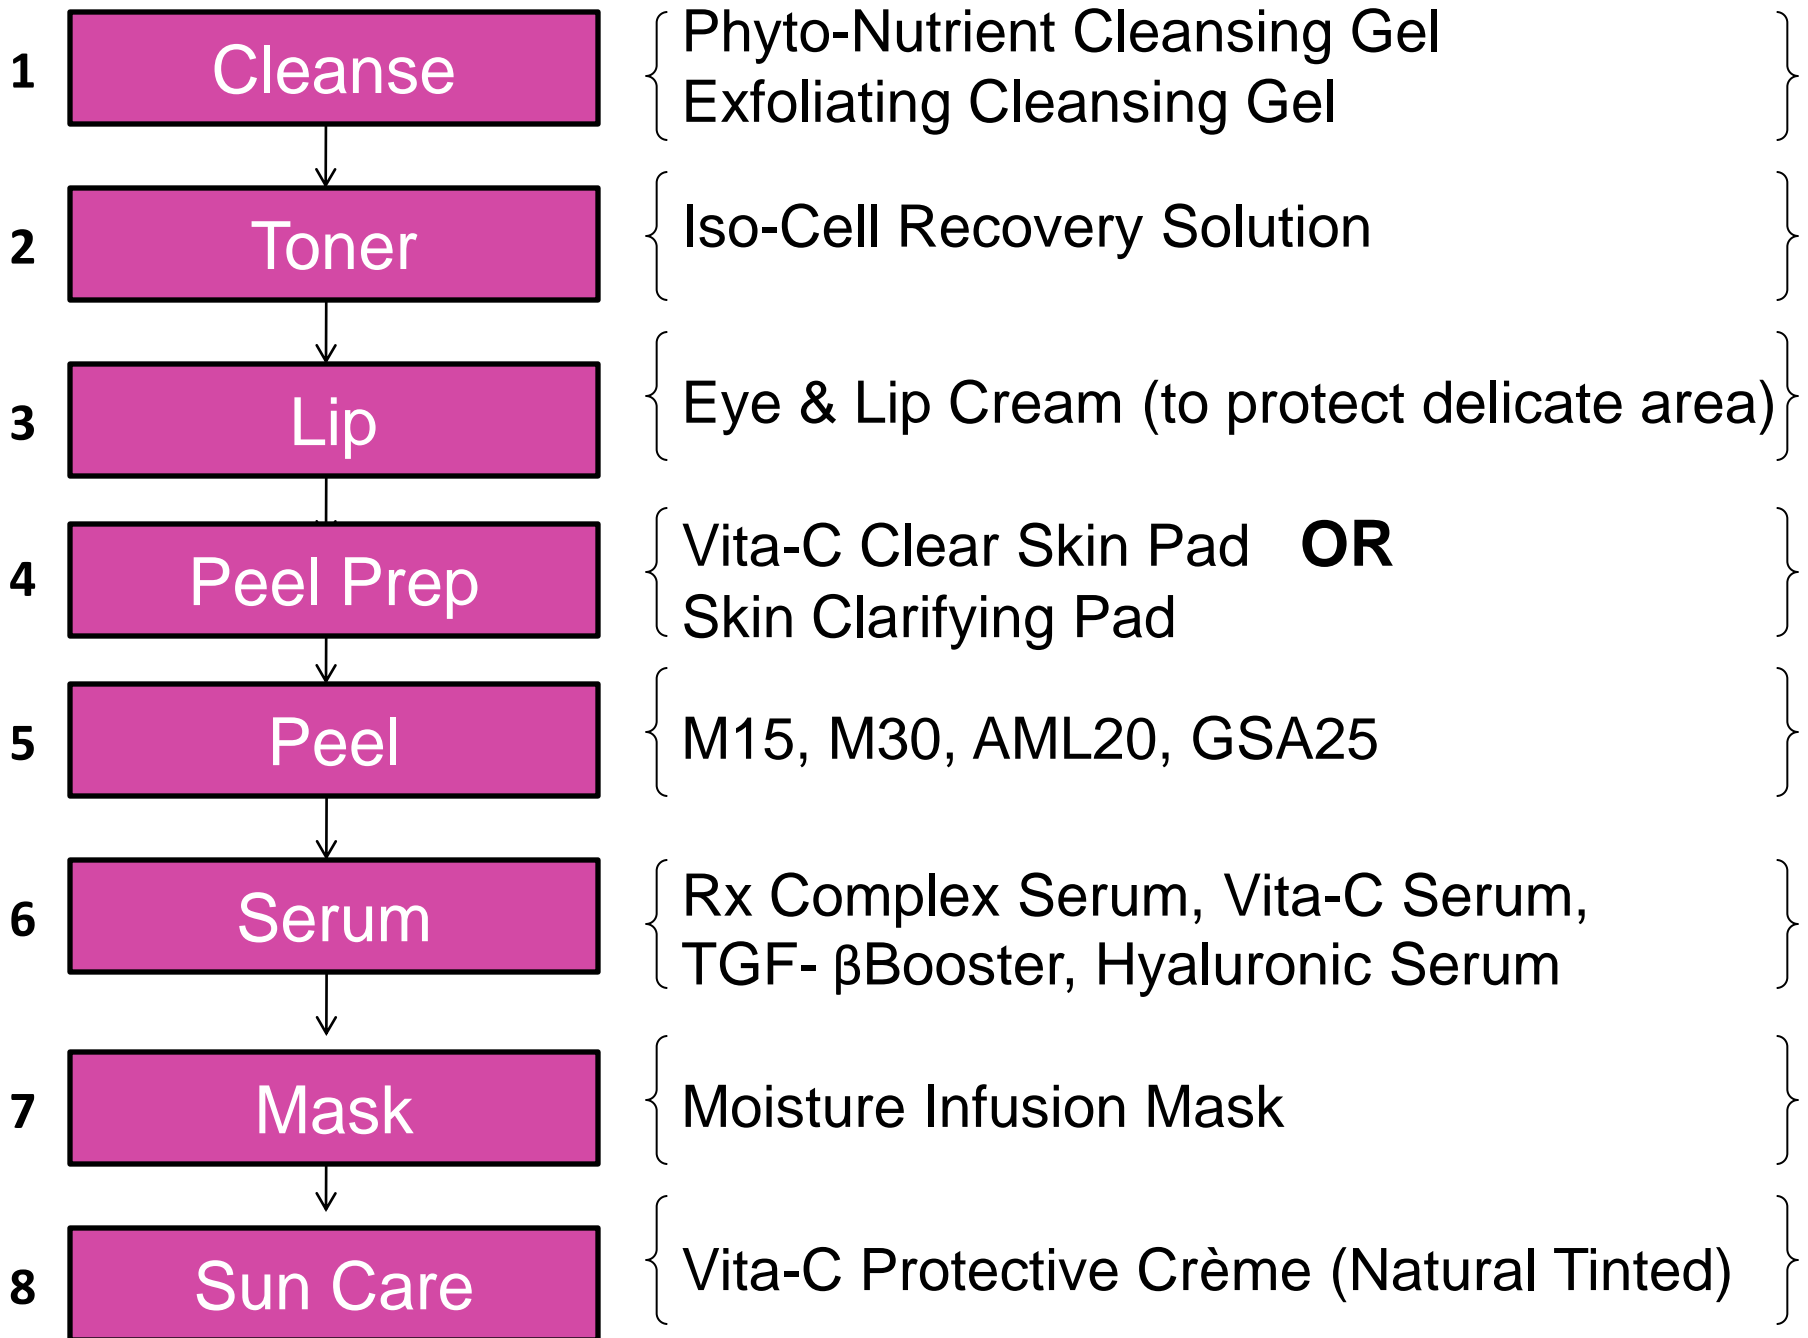

Appropriate for:

Skin type:

Dry, Mature,
Normal,
Combination,
Oily, Acne

Condition:

Hyperpigmentation,
Uneven skin tone
Sensitive Skin

Post Peel Treatment

- Phyto-Nutrient Cleansing Gel
- Exfoliating Cleansing Gel
- Iso-Cell Recovery Solution
- O² Calming Gel
- TGF- β Booster
- EGF-DNA
- Derma Relief Serum
- Retinol Serum (Not recommended for sensitive skin immediately after the peel treatment)
- Brightening Serum
- Rx Complex Serum
- Collagen Peptide Serum

SKIN DELIVERY SYSTEM

Effectiveness determined by
2 factors:

1. Intrinsic activity of the active molecule
2. The “vehicle” delivering this molecule to site of action

**Retinol
Serum**

**Collagen
Peptide
Serum**

**Brightening
Serum**

Le Mieux Retinol Serum

Delivery System: The latest
Tri-Cosmetic Delivery System for Retinol

1. Retinol Molecular Film Fluid
2. Coated Microsponge Microcapsule
3. ROVISOME Retinol Moist

Formulated to deliver a high concentration of pure retinol (>3,000,000 IU/g) deep into the epidermis.

Why incorporate a Molecular Film?

- Complete stabilization of the Retinol Molecule
- Enhanced absorption deep into the epidermis
- **The delivery system: Molecular Film**
a very thin monolayer functional film spreads well on the epidermis
- Molecular Film is obtained at 12,000 p.s.i. under micro-fluidizing conditions
- Easily absorbed by the Stratum Corneum-
reaches deep into the Prickle Layer of the Epidermis

Retinol Serum

Key Ingredients

- Retinol
- **Peptides:** Acetyl Octapeptide-3, Palmitoyl Tetrapeptide-7, Palmitoyl Pentapeptide-4, Palmitoyl Oligopeptide
- Ceramide 3
- Tocotrienols
- **Natural Preservatives:** Glucose, Glucose Oxidase, Lactoperoxidase

Retinol Skincare *Benefits*

- Improves the cell renewal process-stimulate synthesis of growth factor & dermal protein
 - Prevents signs of premature aging
 - Increased absorption of Retinol
 - Boosts skin elasticity, overall appearance
 - Ensures a complete stabilization without oxidation
 - Lowers the potential for skin irritation
 - Enhanced moisturizing properties
-

Le Mieux Brightening Serum

- Boosts radiance
- Reduce melanin synthesis by 80%
- Diminish appearance of age spots in 16 weeks
- UV sun spots decrease 42%-56%
- Increases collagen by 50%
- Restore vitality
- Visibly brightens the complexion
- Stimulates synthesis of growth factors (FGF, TGF- β)
- Must use sunscreen in the morning
- Apply PM only

Brightening Serum

Key Ingredients

- Alpha-Arbutin, Azelaic Acid
- Teprenone
- **Peptides:** Acetyl Octapeptide-3, Palmitoyl Tetrapeptide-7, Palmitoyl Oligopeptide, Palmitoyl Pentapeptide-4
- Tetrahexyldecyl Ascorbate
- Diacetyl Boldine
- **Natural Extracts:** Glycyrrhiza Glabra (Licorice) Root Extract, Arctostaphylos Uva-Ursi (Bearberry) Leaf Extract
- **Natural Preservatives:** Glucose, Glucose Oxidase, Lactoperoxidase

Le Mieux Collagen Peptide Serum

A blend of Antioxidants, Multi-peptides, and Natural Extracts:

- Firms skin: In Vivo test 39% decrease in depth of main wrinkles, 4% increase skin thickness. In vitro: 350% increase collagen production, 146% increase hyaluronic acid
- Stimulates natural collagen, elastin & hyaluronic acid production
- Combats UV damage- 86% reduction of interleukin production
- Inhibits collagen breakdown
- Hydrates and helps skin to retain moisture

Collagen Peptide Serum

Key Ingredients

- **Peptides:** Acetyl Tetrapeptide-2, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, Palmitoyl Pentapeptide-4
- Teprenone
- Superoxide Dismutase
- Epigallocatechin Gallatyl Glucoside (EGCG)
- **Ceramides:** Ceramide I, Ceramide II
- **Natural Preservatives:** Glucose, Lactoperoxidase, Glucose Oxidase
